THE PLACE OF UKRAINIAN HIGHER-EDUCATION INSTITUTIONS IN THE WORLD UNIVERSITIES RANKIG

One of the most important directions in the development of the state is the development of the education system. Modernization of educational institutions is a key way to provide quality educational services. Thus, the main task of education is the upbringing and development of the personality, as well as the preparation of students for life in the modern world [1].

It is well known that the state of education in the state is an indicator of the quality of life in society. That is why in most economically developed countries, the state remains the main entity that organizes the education system.

In today's conditions, it is important to understand that the involvement of foreign students in receiving educational services in one or another state is a way to develop the education system in the world market, because international relations are established in this way, which positively affects the state's place in the world in general. Thus, the British education magazine «Times Higher Education» published an international ranking of higher education institutions that are considered the best for admission in 2023. This rating includes 1,799 universities from 104 countries and regions of the world.

The rating created based on 13 indicators that determine the university's efficiency. Therefore, when creating the rating, the level of quality of teaching, research, the amount of income from cooperation with industry and private enterprises, as well as internationalization were taken into account [2].

The best universities in the world according to 'Times Higher Education':

• Oxford University;

• Harvard University;

• Cambridge University;

• Stanford University;

• Massachusetts Institute of Technology;

• California Institute of Technology;

• Princeton University;

• University of California (Berkeley);

• Yale University;

• Imperial College London.

Ukrainian universities in the Times Higher Education ranking:

• Sumy State University – 401-500 place;

• National University «Lviv Polytechnic« - 601-800 place;

• Kharkiv National University of Radio Electronics - 1001-1200 place;

• Ivan Franko Lviv National University – 1201-1500 place;

• National Technical University «Kharkiv Polytechnic Institute« - 1201-1500 place;

• National Technical University of Ukraine «Ihor Sikorsky Kyiv Polytechnic Institute« - 1201-1500 place;

• Oles Honchar Dnipro National University – 1201+ place;

• Taras Shevchenko National University of Kyiv – 1201+ place;

• V. N. Karazin Kharkiv National University – 1201+ place;
